

Football practice 2

- 9 This is my chance, I start to run
And dribble with the ball.
And suddenly I'm having fun
It's not so bad at all.
- 10 I dodge one player, and the rest
There's only one boy more.
I've got the ball, I'll do my best,
There is a chance I'll score!
- 11 I bring my foot back, bend my leg,
Then give the ball a whack,
I'm on my knees, I start to beg,
But fears come flooding back.
- 12 Their goalie's up, he's on his feet,
And running out to save.
His skilful hands are hard to beat,
There's no-one else so brave.
- 13 Time stands still, it's silent now,
And look the goalie dives.
He looks surprised, at how, just how,
My bending shot arrives.
- 14 The ball it knocks him to the ground,
But it's not finished yet.
And as he turns to look around
The ball is in the net!
- 15 I've got my goal, my dream's come true,
My friends all gather near.
And suddenly from all their mouths
I hear a great big cheer.
- 16 It's football practice after school
My friends all think it's great.
They also think that I'm so cool,
Mind out ... I can't be late.
