Executive Head's message;

The children (and us) have really enjoyed the lovely sunshine this week, even if it has been mixed in with such a mix of all weathers including frost and icy rain! I have been really pleased by the hard work happening in each class across a range of subjects. I have heard lovely singing and music, seen excellent pieces of writing and heard about fun DT projects.

Prayer

Dear God, during this time of Lent, fill us with your joy and peace as we prepare to celebrate all that Jesus did for us at Easter. Amen.

Class updates;

This week in Willow Class the children were collecting data in computing and creating tally charts, the children really enjoyed this. In Science the children were looking at different bulbs and seeds and they were very good at describing the difference between the bulbs and seeds thinking about the colour, size and texture. Well done Willow Class.

This week in Maple Class we have been busily finding out more about Shang China, including learning about their religious beliefs. In Science we have examined circuit diagrams to see if we predict they would work or not (whether they are a complete circuit or not), in PSHE we have continued our work on healthy eating by designing a nutritionally balanced lunch. In our English lessons we have begun a new unit on poetry and have been exploring rhyming couplets and rhythm. In mathematics, we have looked at time and are now moving on to fractions and decimals.

In Silver Birch class this week, we have continued our work on biographies in English, and have begun researching a celebrity and writing their biography. In maths, Year 6 have completed assessments and Year 5 have been working on Shape and multiplication. The children have enjoyed getting practical with the electricity resources and exploring building and testing circuits. PSHE lessons have been focused around communication and collaboration and PE has continued its focus on Handball and Dance.
